Engineering perfection – BMW M Hybrid, first electrified- M High Performance drive unleash the intense torque and improved efficiency of M Hybrid Power: a 4.4-liter BMW M TwinPower Turbo V-8 engine paired with a high-performance electric motor. With the most powerful SUV ever produced by BMW M, you will conquer new dimensions. Get ready to transform the meaning of existing on the edge into an artform.

Immersed in power and luxury like never before. The M Lounge offers a unique sensation of spaciousness. The one-piece seating area and details such as diamond-shaped structures in the headrests and stitching pattern convey comfort and luxury. Together with the sculptural, indirectly illuminated headliner, dark windows and comfort cushions, creating a novel feeling of space. Cloaked in M Merino Leather upholstery, M Multi-function seats support your every move.

Luxurious design elevates your state of mind. Sumptuous. Sculptural. Serene. Just as a beam of light is refracted through glass, the luxury of XM transfigures the conventions of form and function. For the XM-minded, this means cleverly referencing the past – while pursuing all that lies ahead. Chiseled edges meet smooth arcs in the 23" BMW M wheels, with the additional accents and stopping power of M Sport brakes.

THE XM.

XM.
